BELL-RINGING by VFP, Chap 27. Tradition kept by veterans since the first Armistice Day, November 11, 1918

Lawrence Wilkerson is a retired United States Army soldier and former chief of staff to United States Secretary of State Colin Powell. Wilkerson is an adjunct professor at the College of William & Mary where he teaches courses on US national security. He also instructs a senior seminar in the Honors Department at the George Washington University entitled "National Security Decision Making."

Reverend Chris Antal was chaplain with the US Army in Kandahar, Afghanistan and later in the US Army Reserve. While in Afghanistan, he delivered a sermon that said "We have sanitized killing and condoned extrajudicial assassinations..." He nearly lost his job. This past April in an open letter to President Obama, he resigned his commission in protest over the use of drones, nuclear proliferation and our government's claims of impunity to international law. He is minister at the Unitarian Universalist Church in Rock Tavern, New York.
