- We will remove the blue seats from the dome starting on 12-30-13. We will remove any amount depending on the weight and how many each person wants. We will separate the seats when needed and supply you with those screws and bolts so you can re-install them at another location or we will cut the seat next to the one down the middle. Each individual seat will have the extra seat leg attached that holds the bottom seat on.
- We will need signed order form and payment with seat count request before 1-7-14 to make sure all seats get pulled.
- Any late approvals or change requests after 1-7-14 might not get completed.
- We will need payment in a certified or cashier's check or credit card before we pull the seats.
- All seats will get stored inside on the field until the orderer brings a truck and trailer for hauling away. We will stack the seats for you, but you'll need to supply your own straps and tarps to secure them down.
- We will set a window of time for meeting onsite for seat pickup starting on 1-7-14. You'll have a certain date and time you'll need to arrive for pick-up. All no pick-ups or missed pickup times will have an extra 25% cost associated with picking them up at another date and location.

Non Specific seats cost \$64.28 each (Tax included)

Specific seats or sections will cost \$85.70 each (Tax included)
